

NAMA NEWS

The Official Newsletter of the Nevada Airport
Managers Association

Volume 3, Issue 1

March 05

News Briefs

- License plates for aviation are now available. Have you placed your order yet?
- NAMA is working hand in hand with NDOT, consultants Parsons Brinkerhoff and aviation users to find a permanent funding source to help the State Aviation System. The first meeting of the study group was held September 1, 2005 in Reno.
- Discover Aviation at the Jean Airport in Las Vegas, October 8-9.

Come to Winnemucca for the fall NAMA meeting!

Winnemucca, NV, the Crossroads of the West is a high desert city full of classic charm. The historic downtown area is interspersed with delightful boutiques, restaurants, pubs and the hometown businesses that serve our community.

Winnemucca is a great jumping-off point for many types of outdoor recreation. Nearby are fabulous hiking, hunting and biking trails, as well as miles of ATV and off-road adventure trails. In town, there are over 1,000 hotel rooms, several diverse restaurants, casino gaming, and plenty of other opportunities for fun.

The Nevada Association of Counties (NACO) is holding its fall conference September 27-29, 2005 at the Winnemucca Convention Center. NAMA will meet in conjunction with this meeting September 29, at 3:00.

Come to the NACO conference for some quality time with your County officials. Be a part of the exchange. Get the information you need about economic development in your county. Engage in discussions about wild fire protection, community master planning and other issues that directly affect your airport. View the full schedule of activities at <http://www.nvnaco.org/NACo/agenda.pdf>

Conference registration and hotel information is available on the NACO website at www.nvnaco.org

SEE YOU THERE!

State Legislature votes to give \$500,000 to Nevada's Rural Airports in 2005

Thanks to Hale and Kay Bennett whose lobbying efforts resulted in state funding for Nevada's rural airports. To learn how your airport may qualify for funds to match federal grants for capital improvements, attend the fall 2005 NAMA conference, or contact the NDOT Office of Aviation.
